Ceramic & Glass Design (Faculty: Industrial Design)

Q.No	Question
1	Using the clay (mould, carve, drill, pinch) and pencil, create the following: ● "NID" nameplate in a traditional design. ● A crayon holder for small children. **Material Required:** Terracotta Clay
2	Design a decorative glass mosaic pattern inspired by nature. **Required Material:** ● 5 Colored transparent plastic sheets (to mimic glass) ● Scissors ● Glue ● A4 mounting sheet
3	**Organic vs Geometric: Sketch** two drinking glasses—one with an organic, free-flowing shape and another with a purely geometric shape. Annotate your sketches with insights on ergonomics, material feasibility, and visual appeal.
