Lifestyle Accessory Design (Faculty: Textile, Apparel, Lifestyle & Accessory Design)

Q.No	Question
1	Design an innovative wristwatch for visually impaired users. The watch should have an easy-to-read time mechanism through tactile, sound, or vibration-based features. **Task:** Sketch the front, side, and strap details of the watch. Provide annotations explaining its functionality and user interaction. **Material Required:** ● Sketchbook or A4 sheets ● Pencils ● Erasers & sharpeners ● Ruler & compass
2	**Design a wearable accessory** that enhances convenience for pet owners (e.g., a multipurpose leash, treat dispenser wristband, or smart collar). Sketch front, side, and usage views of the product. Provide annotations explaining its functionality. **Material Required:** ● Sketchbook or A4 sheets ● Pencils ● Erasers & sharpeners
3	**Build a small desk organizer** that can hold pens, sticky notes, and a mobile phone. It should be stable and easy to construct. **Materials Required:** ● Corrugated cardboard (A4 size, 2 sheets) ● Ice cream sticks (15 pieces) ● Paper clips (5 pieces) ● Fevicol glue ● Scissors/cutter ● Acrylic colors and brush.
