Q.No	Question
1	Using below materials, create a textile-based collage conveying any one social message - sustainability in fashion, gender equality or cultural diversity. The collage should be visually impactful and must incorporate layering, cut-outs, and mixed textures. A short write-up (50 words) explaining the message behind your composition is required. **MaterialRequired:** • Colored fabric scraps (cotton, felt, synthetic) • • Juteorburlap piece(A4size)asthebase • • Yarn (different colors) • • Needle and thread (optional) • Papercutouts • Scissors Glue
2	**Imagine a fictional festival** that could exist in the future (e.g., a festival celebrating AI, space travel, or an environmental movement). **Design a textile print** that would be worn or used in this festival. Your design should reflect the theme of the festival. Use colored pencils to illustrate your textile print. Give a short description of the festival and how your textile reflects its theme.
3	Find inspiration in **natural elements** (leaf veins, tree bark, coral, butterfly wings, etc.) and develop a repeatable textile pattern inspired by any one of these textures. **Sketch your final pattern** in a 10 cm × 10 cm box. Write a brief note (50 words) explaining your inspiration and how it can be used in textile applications (apparel, upholstery, etc.).
